## Experience

### SoftAim

**March 2025 – May 2025**

*Software Developer Trainee*

*Remote*

- Enhanced the performance and user experience of a social networking platform by resolving frontend issues, optimizing responsive design, and implementing scalable UI components across multiple devices.
- Developed and integrated backend APIs to support media uploads, automated thumbnail generation, and content management workflows, ensuring seamless functionality for trainers and trainees.
- Collaborated with stakeholders to debug and fix complex issues in real-time features (screenshots, video uploads, media rendering), improving platform reliability and overall engagement.

## Projects

**FileGo** | *Next.js, React, TypeScript, AWS S3, IAM, Node.js, TailwindCSS*

**August 2025**

- A modern file upload and sharing service leveraging AWS S3 with presigned URLs, IAM-based access control, and encryption to ensure secure, scalable, and seamless file management.
- Implemented custom link expiration and auto-deletion policies on AWS S3, enabling users to control file validity and reducing storage cost. Enforced end-to-end security with TLS and SSE-KMS, ensuring compliance-grade protection.

**Qualysis** | *NextJs, ShadCN UI, Tailwind CSS, JWT, Postgres SQL, Prisma ORM, Nodemailer*
